

Medical Mileage Reimbursement

Mileage reimbursement is offered to families and individuals who use Title 19 or Medical Assistance (MA) and have medical needs that require them to travel. You must use your own vehicle or be transported by a friend or a family member. You will have to register with the appropriate agency in your county. You may travel outside your county to other areas.

When calling to register for this program, it is helpful to leave a voicemail message with the following information: Child's name, date of birth, Social Security number, Parents' name, address and telephone number. The caller should explain that they would like to register for the medical mileage reimbursement program.
